June 2015 - August 2015

cyberGenesis, Wilmington, NC — Graphic Designer, Web Developer

"cyberGenesis" is a fantastical, animated journey (segments of which have been creatively crowd-sourced) that imagines a future creation myth, crafted by cyber consciousness from bits and pieces of humanity's online legacy. Created the logo and graphics from concept to completion. Has extensive knowledge in editing programs including Adobe Illustrator, Photoshop, Bridge, Premier, Lightroom, After Effects, Dreamweaver, and Flash. Designed and built the main website with submission and video capability. Helped promote the film through social networking, word of mouth and advertising. Collaborated with other staff members for design concepts, web layout and critiques.

August 2012 - May 2013

UNCW Seahawk Newspaper, Wilmington, NC — Graphic Designer

Created and edited graphics, logos and design layouts for commissioned advertisements and the cover of the SeaHawk Magazine. Established trusting relationships with designers, vendors, and key clients. Worked closely with clients to create visioned, conceived designs, and consistently met deadlines and requirements. Creatively planned designs carefully by listening to customers' wants and needs while providing professional feedback. Has extensive knowledge in editing programs including Adobe Illustrator, Photoshop, Bridge, Premier, Lightroom, After Effects, Dreamweaver, and Flash. Acute attention to detail.

January 2011 - May 2014

Visions Film Festival and Conference, Wilmington, NC — Graphic Designer, Assistant Web Developer, Photographer

Visions Film Festival & Conference is a film festival located in Wilmington, NC that aims to unite a diverse community of undergraduate students through scholarly analysis, discussion panels and cutting-edge screenings. Created the 2010 yearly image of the Visions Film Festival and Conference and graphic designs for posters, promotional fliers, the website, animation graphics, T-shirts, and business cards. Created the image for Visions' One Minute One Take Video Race contest, a contest where filmmakers must make a themed video within one hour with one take. Worked closely with teammates to create visioned, conceived designs, and consistently met deadlines and requirements. Acute attention to detail. Has extensive knowledge in editing programs including Adobe Illustrator, Photoshop, Bridge, Premier, Lightroom, After Effects, Dreamweaver, and Flash. Website: http://www.visionsffc.org/

August 2010 - May 2011
